Our Recipe for Success

Quality bread and confectionery products, made by hand

We specialise in handmaking high quality artisan bread and confectionery products. Our skilled bakers work using traditional recipes and baking methods. This gives our products time to mature enhancing their flavour and quality. The experience of our baker's spans decades and we have therefore gained the trust and loyalty of many customers.

Ethical & Sustainable

We use only quality wholesome ingredients locally sourced where possible, carefully chosen for their integrity and dietary benefit. We bake to order and this reduces our energy consumption and product waste.
